

Fishing for Fun!

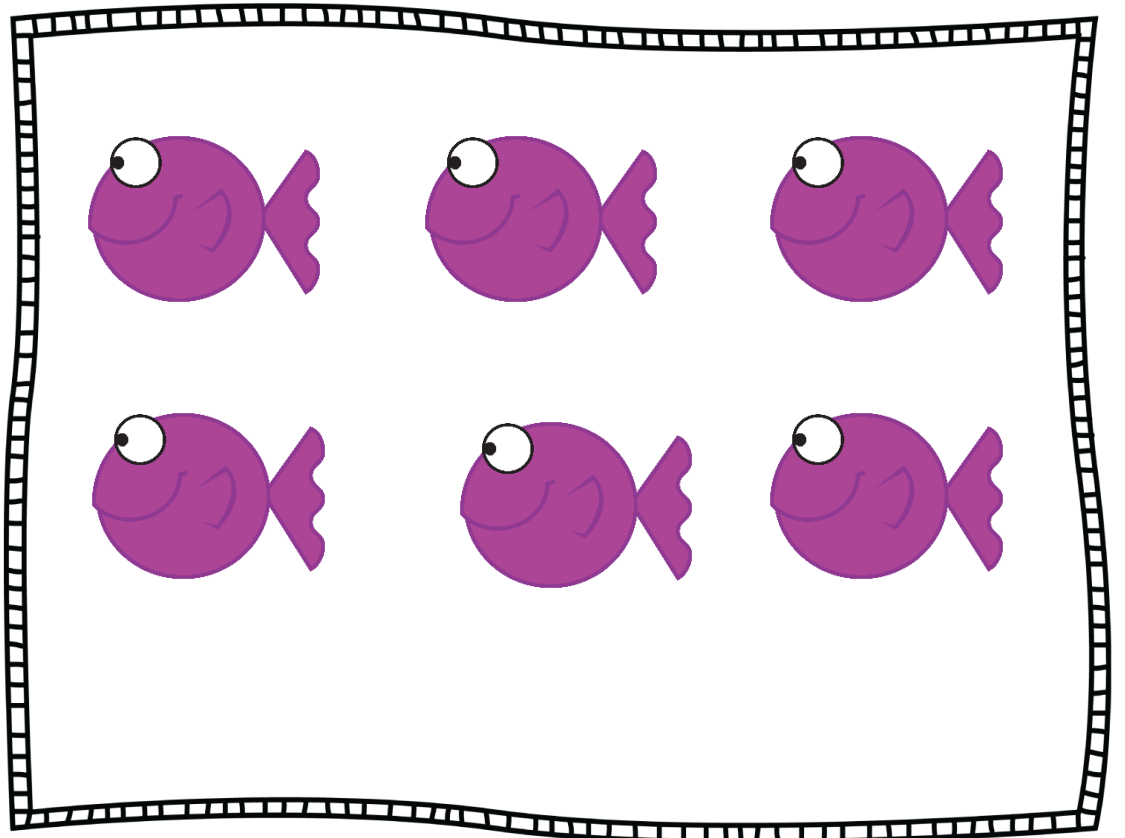

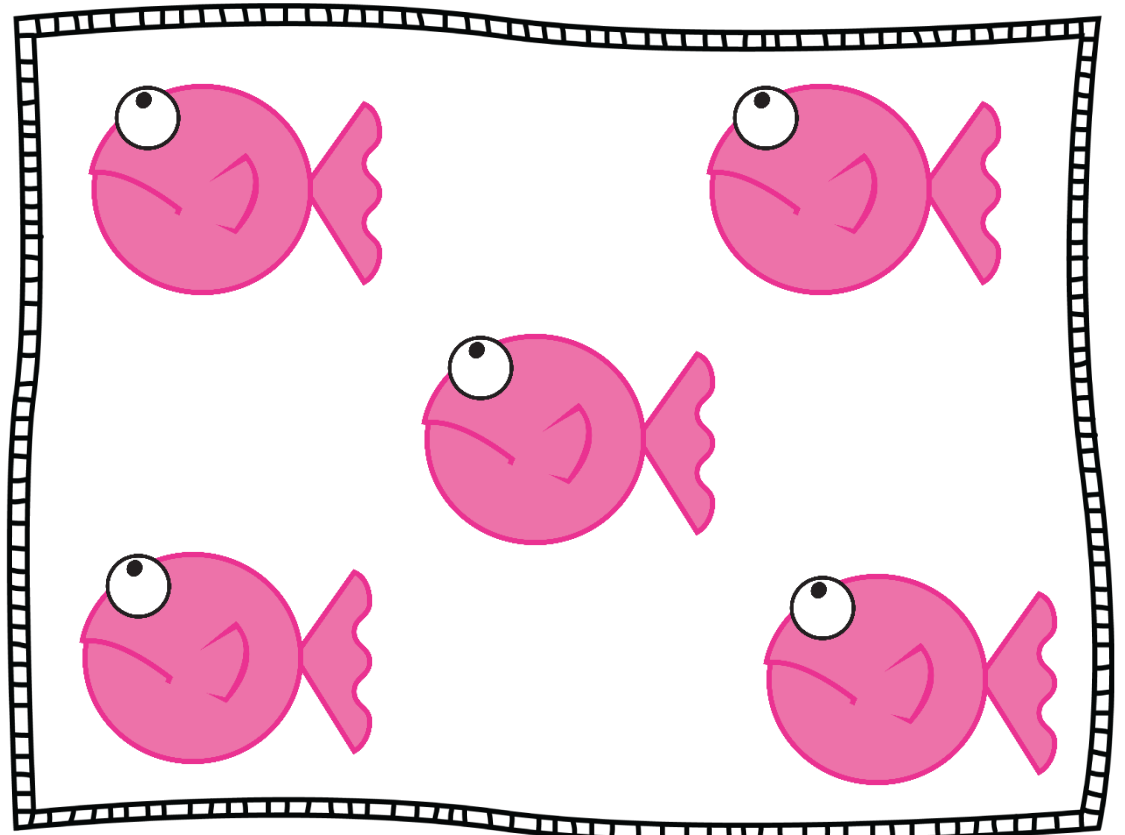

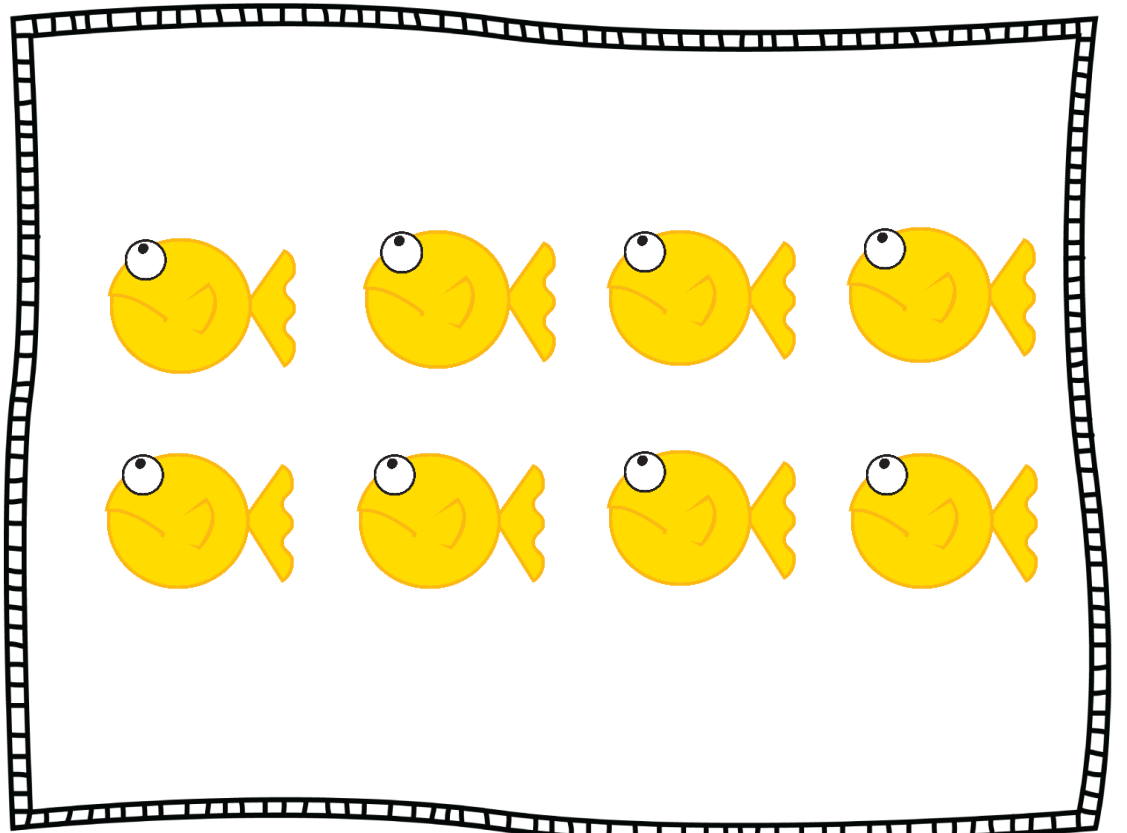

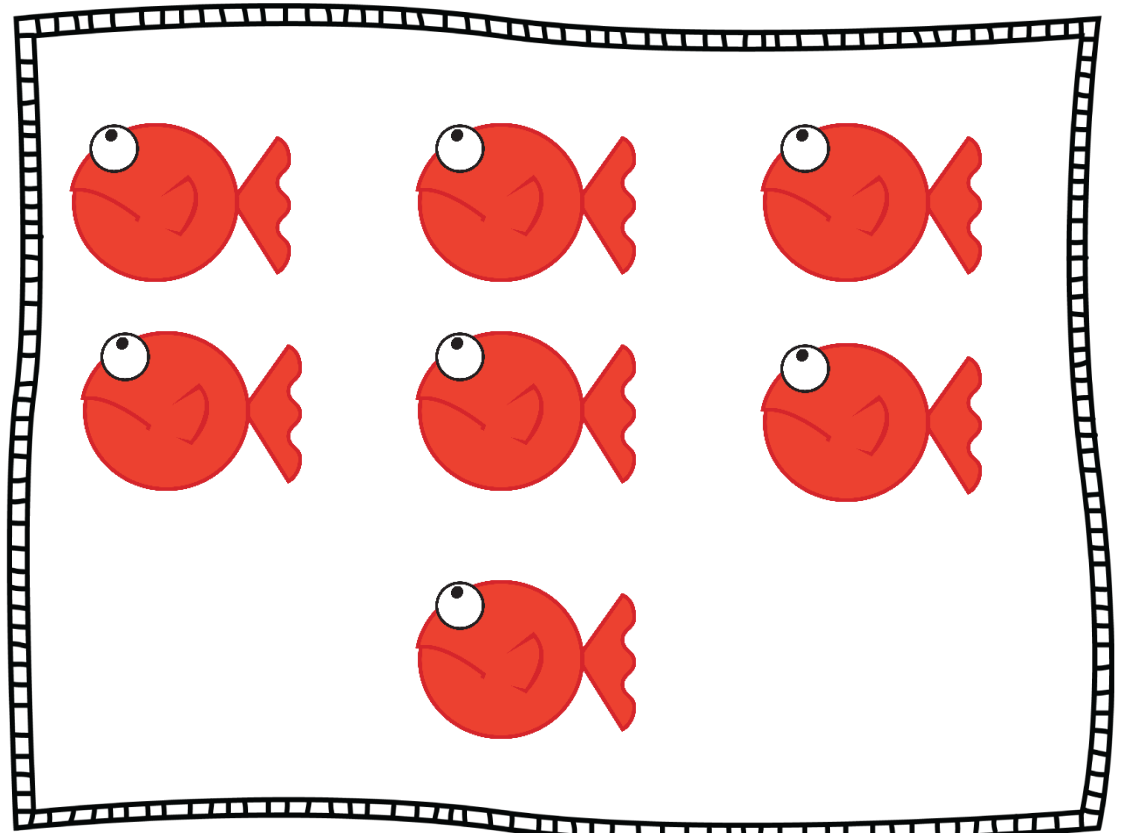

**A Number
Matching Game
for Pre K and
Kindergarten!**

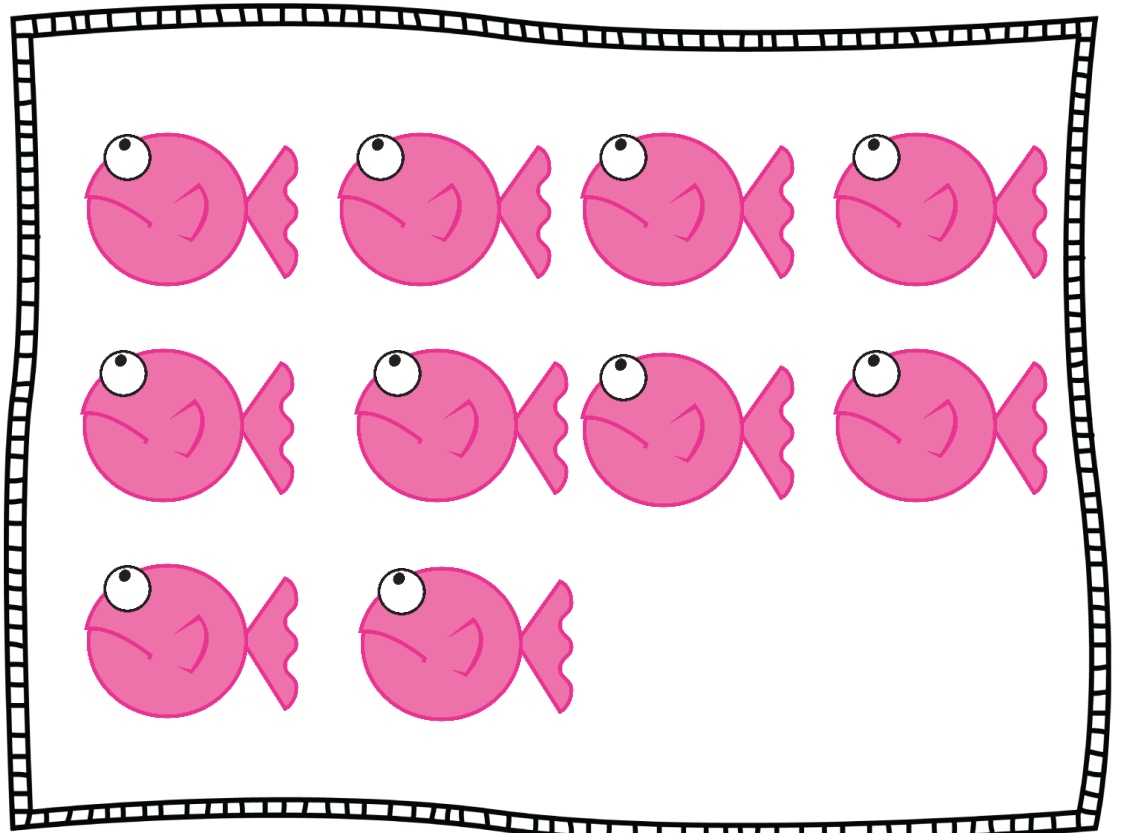

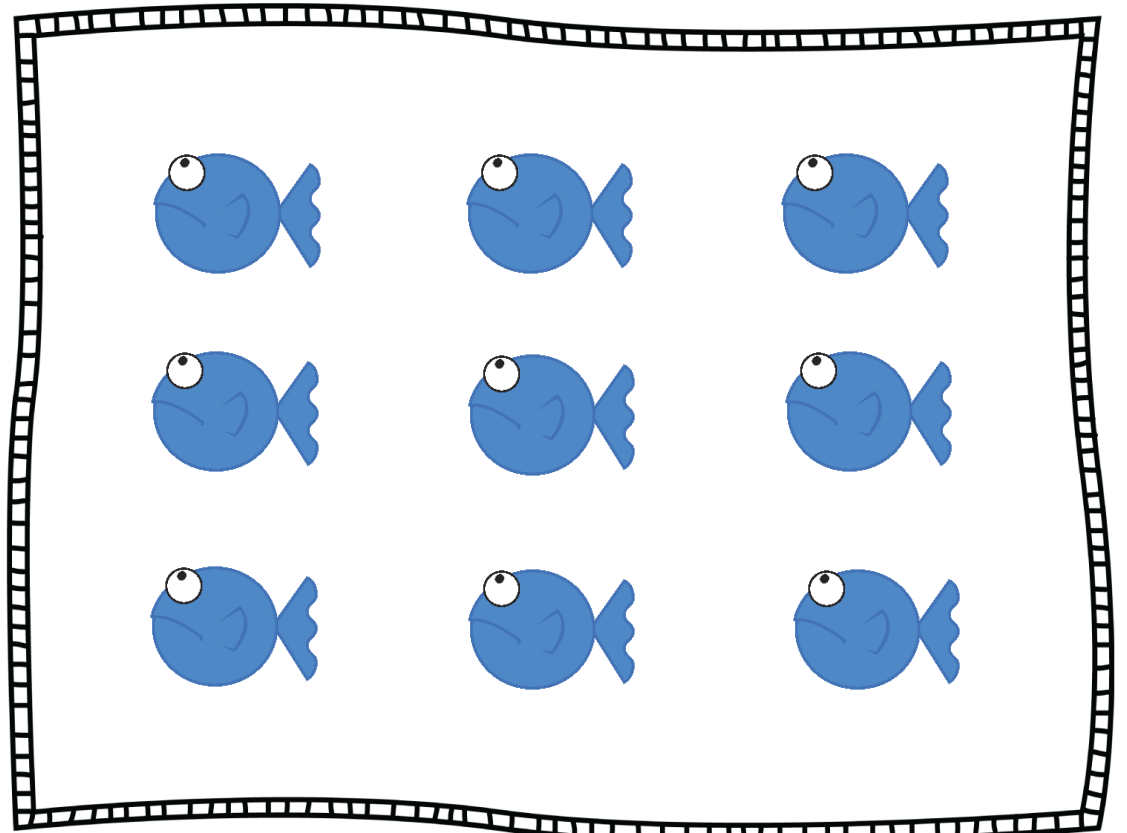

Thank you for downloading!

- Print on white cardstock and laminate for best results. Cut the cards and then store in an envelope. To play, place all the cards face down. Students will take turns turning over two different cards, one card at a time. If the player gets a match, they keep the set of cards. The player with the most cards wins!
